ungasoze uyithengise.

UJesu esaphila emhlabeni
watshela abafundi
bakhe ngasezulwini.

Wayekubiza
ngokuthi "Indlu
KaBaba Wami",
wathi njalo

kulamakamelo amahle amanengi.

Ikamelo yindlu enkulu enhle.
Ezulwini yindawo enkulu
njalo enhle kakhulu
ukwedlula izindlu
ezisemhlabeni.

UJesu wathi, "Ngihamba
ukuyolilungisela indawo. Njalo nxa
ngingahamba ngiyolilungisela indawo,
...

... ngizabuya njalo ukuzoliyamukela Ngokwami Mina." UJesu wahamba eZulwini, emva kokuvuka kwabafileyo.

Abafundi bakhe bebukele,

masinyane,
lapho

UKUBA KHONA
LENKOSI

bengamcabangeli.

Kodwa kwenziwani ngamaKristu
abafa Yena engakabuyi?
IBhayibhili lithi bayahle
bahambe bayokuba
laye uJesu.
Ukubakhatshana
lomzimba

UKUBA KHONA
LENKOSI

yikubakhona
leNkosi.

Isambulo, ugwalo lokucina
eBhayibhilini, lisitshela ngokuthi
ezulwini kuyabukeka
kakhulu.

Into ebukekayo kakhulu yikuthi,
ngendlela eqakathekileyo kakhulu,
ezulwini kusekhaya likaNkulunkulu.

UNkulunkulu utholakala
ndawoyonke, kodwa
Isihlalo sakhe
sisezulwini.

Izingilosi lokunye okuphilayo kwasezulwini kudumisa uNkulunkulu ezulwini.

Kunjalo lakubo bonke abafe eNkosini baya ezulwini. Bahlabela ingoma ezikhethekileyo ezen-dumiso kuNkulunkulu.

Nanka amazwi avela kwenye yezingoma
abazihlabelayo: WENA UFANELE
NGOBA USIHLENGILE
KUNKULUNKULU
NGEGAZI LAKHO
KUSUKELA

...

... KUSOSONKE ISIZWE NJALO
WASENZA SABANGABABUSI
LAMAPRISTU
KUNKULUNKULU
WETHU. (Isambulo 5:9)

Amahlamvu okucina aweBhayibhili
achasisa iZulu njenge "Jerusalema
Entsha". Inkulu kakhulu,

ilomduli
omkhulu
kakhulu.

Umduli wenziwe ngelitshe
elejaspha, licengeke njengengilazi.

Amatshe aligugu acecise isisekelo
somduli, kucazimula ngemihlobohlobo
yembala. Ngalinye ngalinye isango
lenziwe

ngelitshe
lobuhlalu!

Amasango amakhulu awobahlu
akavalwa. Asingeneni phakathi sibone
... HEYI! Ezulwini kuhle kakhulu
ngaphakathi.

Idolobha leli liyakhwe ngegolide
eliligugu, njengengilazi ekhanyiselayo.

Njalo lomgwaqo
wenziwe
ngegolide.

Umfula omuhle ohlanzekileyo
okusobala, ophethe amanzi okuphila
uyampompoza uvela eSihlalweni
sikaNkulunkulu.

Emaceleni omfula lowo, kulesihlahla
sokuphila, leso esaqala ukutholakala
esivandeni eseEdeni.

Isihlahla lesi siqakathekile kakhulu.
Sihluma izithelo ezilitshumi lambili
ezitshiyeneyo, ngenyanga yinye
ngayinye. Njalo amahlamvu esihlahla
sokuphila ngawokupholisa izizwe.

Ezulwini akudingakali ilanga
loba inyanga ukuze kukhanyiswe.
Inkazimulo kaNkulunkulu yiyo
ekhanyiselayo lapha ngokukhanyisela
okubukekayo. Akula ngitsho ubusuku
khonale ezulwini.

Loba lenyamazana
zasezulwini zihlukene
lezemhlabeni. Zithambisiwe njalo
zilobudlelwane obuhle. Amasanchi
lezimvu kudla ndawonye utshani.

Loba izilwane ezilamandla zidla
utshani njengenkabi. INkosi ithi,
"Abasoke balimaze loba ukubhidliza
entabeni Yami engcwele."

Nxa sikhangela mahlayana,
siyananzelela ukuthi kulezinto
eziswelakalayo
eZulwini.

Akula
mazwi
okuzonda
azwakalayo.

Akula bantu abalwayo kumbe
abakhumbula ngokwabo kuphela.

Akula
makhiye
eminya-
ngweni,
ngoba
akula
masela
eZulwini.

Akula abaqambi bamanga, akula babulali, akulabathakathi, kumbe

abantu abalobubi.

Akula ngitsho isono esisodwa ezulwini.

Ezulwini ebukhoneni
bukaNkulunkulu
akula nyembezi.

Kwesinye isikhathi abantu
bakaNkulunkulu bayakhala
ngenxa yobuhlungu
obusempilweni. EZulwini,
uNkulunkulu uzayesula
zonke izinyembezi.

Akula kufa eZulwini. Abantu
bakaNkulunkulu bazahlala
ngokungapheliyo
beleNkosi.

Akusela sizi,
akusela
kukhala,
akusela
buhlungu.

Akusela kugula, akusela kwehlukana,
akusela malilo. Wonke umuntu
eZulwini uyajabula ngokunaphakade
loNkulunkulu.

Okuhle kukho konke, eZulwini
yindawo yabafana lamankazana
(labantu abadala njalo)
abakholwe kuJesu Kristu
njengoMsindisi
wabo njalo
bamhlonipha
njengeNkosi
yabo.

Ezulwini kulogwalo oluthiwa
lugwalo lokuphila olwemvu. Ligcwele
ngamabizo abantu. Uyakwazi ukuthi
kubhalwe amabizo akabani
lapho? Yibobonke abantu
ababeka
ithemba labo
kuJesu. Igama
lakho lingabe
likhona yini?

Amazwi aweBhayibhilini owokucina
mayelana ngezulu ayikumemwa
okumangalisayo.

“Njalo uMoya, lomakoti bathi, 'Buya!
Njalo yena ozwayo akathi 'Buya!
Njalo owomileyo akabuye.

Ofunayo, makathathe amanzi
okuphila ngokungelambadalo."

Ezulwini, ikhaya likaNkulunkulu Elihle

Indaba evela elizwini likaNkulunkulu,
iBhayibhili

itholakala ku

UJohane 14; 2 AbaseKhorinte 5;

Isiphetho

Indaba leyi eyeBhayibhili
isitshela ngokubukeka kukaNkulunkulu
owasidalayo njalo ofuna wena ubemazi.

UNkulunkulu uyakwazi ukuthi senze izinto
ezimbi, lezo azibiza ngokuthi yizono. Umjeziso
wesono yikufa, kodwa uNkulunkulu uyakuthanda
kakhulu okokuthi Wakuthumela iNdodana yakhe,
yona eyiyo yodwa, uJesu, ukuze afele
esiphambanweni ejeziselwa izono zakho. UJesu
wasevuka kwabafuleyo wahamba ekhaya eZulwini!
Nxa ukholwa kuJesu njalo umncele ukuba
akuthethelele izono zakhe, Uzakwenza lokho!
Uzabuya ahlale ngakuwe, lawe uzahlala
Laye ngokunaphakade.

Nxa ukholwa ukuthi lokhu
kuliqiniso, tshono lokhu kuNkulunkulu:
Kuwe Jesu, ngiyakholwa ukuthi
UnguNkulunkulu, njalo wabangumuntu ukuze
ufele izono zami njalo kathesi Uyaphila
ngokunjalo. Ngicela ungene enhlizweni yami
ungithethelele izono zami, ukuze ngibe lempilo
entsha kathesi, kwelinye ilanga ngihambe
ngiyokuba Lawe ngokunaphakade.
Ngingcedisa ngiKuhloniphe ngiKuphilele
njengomntwana Wakho. Amen.
